

ASEAN Engineering Journal

“Call for Papers”

Initiated in 2011, ASEAN Engineering Journal (AEJ) is designed to be the collection of new and innovative knowledge emerged from ASEAN and functions as a platform for students and researchers to disseminate research of the people in the region with the topics that fulfill specific needs in ASEAN. The journal is supported and published by JICA Project for AUN/SEED-Net.

ASEAN Engineering Journal publishes 6 issues per year in *June* and *December*. Ten engineering fields are grouped into 3 divisions which are published under each own ISSN number;

ASEAN Engineering Journal Part A

- Computer and Information Engineering
- Electrical and Electronics Engineering
- Energy Engineering
- Mechanical and Manufacturing Engineering

ASEAN Engineering Journal Part B

- Chemical Engineering
- Materials Engineering

ASEAN Engineering Journal Part C

- Civil Engineering
- Environmental Engineering
- Geological and Geo-Resource Engineering
- Natural Disaster

Manuscript type

The Journal publishes *Full Papers*, *Notes*, and *Technical Reports*.

- **Full paper** consists of a minimum of 5 pages, but not exceeds 15 pages. The articles are reviewed by selected reviewers.
- **Notes** restricted to 4 pages. The articles are also reviewed by selected reviewers.
- **Technical Report** restricted to 2 pages and not reviewed which should be worth publishing as either Full papers or Notes in the future.

Submission

ASEAN Engineering Journal is open for submission all year round. Authors can submit manuscripts in Microsoft Word at “Submission Online” at <http://www.seed-net.org/journal.html>.
