

“The 11th Regional Conference on Environmental Engineering 2018 (RCEnvE-2018)”

jointly held with

“The 3rd International Symposium on Conservation and Management of Tropical Lakes”

Sunway Hotel, Phnom Penh, Cambodia
September 27th - 28th, 2018

Organized by:

- Institute of Technology of Cambodia (ITC, Cambodia)

Co-organized by:

- Tonle Sap Authority (TSA, Cambodia)
- Ministry of Education, Youth and Sport (MOEYS, Cambodia)
- Ministry of Water Resources and Meteorology (MOWRAM, Cambodia)
- Ministry of Environment (MOE, Cambodia)
- National Science and Technology Council (NSTC, Cambodia)
- Tokyo Institute of Technology (TIT, Japan)
- Institute for Global Environmental Strategies (IGES, Japan)
- Yamagata University (YU, Japan)
- University of the Philippines (UP, Philippines)
- Kasetsart University (KU, Thailand)

Financially supported by:

AUN/SEED-Net

Japan Science and Technology Agency

WANASEA

INVITATION

You are invited to contribute your research outputs to the **11th Regional Conference on Environmental Engineering** entitled “**Enhancing Sustainability and Resilience under Anthropogenic Pressure and Climate Change**” to be held at Phnom Penh, the capital city of Kingdom of Cambodia by the Institute of Technology of Cambodia (ITC) on September 27th – 28th, 2018. Research papers and posters in the field are most welcome.

The conference is supported by AUN/Seed-Net project, which is the program mainly funded by the Japanese Government since 2001 to the development of engineering education. This 11th RCEE-2018 is expecting to bring researchers, policy makers, students, and relevant stakeholders to get a better understanding on our environment and determining factors, accounting for unpredictable climate change and anthropogenic pressures. This regional conference is also jointly conducted with the **3rd International Symposium on Conservation and Management of Tropical Lakes** funded by the Science and Technology Research Partnership for Sustainable Development (SATREPS) project entitled “Establishment of Environmental Conservation Platform for Tonle Sap Lake, Cambodia”.

ITC as a well-known higher education institution in Cambodia has honour to host this big event with great supports, both financial and technical assistance, from our partners as stated in the Flyer. It is expected that more than 100 researchers and relevant policy makers in the fields will be attending in this joint event. We strongly believe that this 2-day event will bring you, together with other researchers, scientists from more than 26 leading universities in Southeast Asia, Japan and policy makers in Cambodia with better knowledge about various aspects of our environment and its sustainable development.

We trust that your participation will be surely addressing the healthy development for future generation. Thanks for your best consideration to share and shape the future with us. We are looking forward to welcome you in **PHNOM PENH** soon.

On behalf of the Organizing Committee,
Dr. Hul Seingheng
Institute of Technology of Cambodia

CALL FOR PAPER

The scope of the conference covers a wide range of issues related to sustainable development accounting into consideration of climate change and societal growth.

The following topics, but not limited to, are invited:

- Hydrology and Water Resources
- Sediment Dynamics
- Health Risk and its Management
- Culture and Policy for green development
- Air quality and management
- Climate change and society
- Sustainable resources management
- Wetland restoration and management
- Coastal and marine environment
- Water Quality and its Control
- Ecosystem and Fishery
- Integrated Lake Basin Management
- Solid waste management
- Management of urban environment
- Disaster management and climate system
- Green Energy Technology

Other topics related to conservation and management of freshwater lakes are also welcome.

Templates for a extended abstract (up to 4 page), which is required for oral presentation, and poster presentation will be available at the Symposium website: ([soon to be announced.](#))

Important deadlines:

- Abstract submission for Oral presentation: 20th June 2018
- Notification of acceptance for Oral presentation: 30th June 2018
- Abstract submission for Poster presentation: 15th July 2018
- Notification of acceptance for Poster presentation: 11th August 2018
- Deadline for the submission of extended abstract: 15th August 2018 (Required for Oral presentation)
- Online registration will be available from early September 2018

For further **inquiries and submission** process,
Please follow the following email: RIC_ITC@itc.edu.kh
