

## OPPORTUNITIES FOR YOUNG RESEARCHERS AND STUDENTS!

 **AUN/SEED-Net**  **CELEBRATES NEW PARTNERSHIP WITH LEAVE A NEST!**

**Anyone who wishes to take their research a BIG leap forward to bring change to the world, here comes an exceptional opportunity for learning know-how and gaining additional research support.**

AUN/SEED-Net has recently established a unique collaboration with **LEAVE A NEST CO. LTD.**, a company with a vast collaborative network of 100+ companies, 2,000+ teachers and 10,000+ researchers. Their primary mission is to solve global issues through science education, resource training and research development projects by bridging the gap between researchers and companies.

**Leave a Nest** offers extraordinary opportunities for students and researchers who are passionate about applying research output to create new business and eager to utilize their research outcomes in business. AUN/SEED-Net's alumni, current scholars, and MI faculty members are also encouraged to join in the activities on a proposal basis. The upcoming program, **TECH PLANTER**, is specially designed to equip the research team(s) with know-how and research support to bring about creative innovation to the society. Winning team(s) will benefit from efficient training and coaching, network/connection building with companies, and splendid prizes.
