## History and Background

- Launched in 2011 as a fruit of collaboration between ASEAN and Japan, with the main support from the Government of Japan through Japan International Cooperation Agency (JICA),
- Serves as a platform for scholars, researchers, students, academicians and educators from all around the world, especially those from ASEAN countries, to exchange their research outcomes and advancement.
- Aims to increase research capacity and visibility in the region, improve the knowledge and expertise for professional development in the field of engineering, and build the network of collaboration among scholars in ASEAN and Japan.
- From 2017 onwards, AEJ only publishes electronic full papers under the name “ASEAN Engineering Journal” (e-ISSN 2586-9159).
- Indexed by Thai-Journal Citation Index (TCI), ASEAN Citation Index (ACI) and Scopus.
